Discharge Monitoring Report - Platforms Gina, Gilda and Edith  
NPDES Permit No. CAG280000

Dear Ms. Sandra Chew, Ms. Dettmer, Mr. Rance Wall and Ms. Zaleski

This letter and its attachments constitute the above captioned Discharge Monitoring Reports (DMR) for the third quarter – June, 2018 thru September, 2018.

**Attachments:**

- Cover Letter
- Chemical Inventory (For Gilda only)

**Dilution:** The following are the dilutions ratios,

- Gina: NA
- Gilda: 1710: 1 (Worst-Case Scenario)
- Edith: 4932: 1

**Notes:**

- Some of the Oil and Grease results are less than PQL (5mg/L) and, therefore, they were reported as ND or BQL in the original lab reports. However, for the sake of monthly average, we obtained the calculated data from the lab and reported accordingly.

Produced Water (002):

- Produced water was discharged throughout this reporting quarter for Platform Gilda and Edith.

I certify under penalty of law that this document and all attachments are prepared by me or under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any question or require additional information, please let me know

Regards,

Sincerely,

Jay Rao
